THANK YOU FOR THE OPPORTUNITY TO EARN YOUR BUSINESS

Installation not included unless otherwise noted.

Customer is responsible for unloading and providing standard receiving facilities for large and/or heavy shipments. Special unloading or delivery can be arranged provided VWR International is notified at the time of order placement. Please note that additional charges may apply to the above. For such arrangements please contact VWR International for a quotation.

It is the customer's responsibility to inspect the shipment upon receipt. If any external damage is noticed, the customer must accept the shipment only after the driver has noted the damage on the customer's delivery receipt and requested an inspection by the carrier. If the shipment arrives with internal/concealed damage, the customer must contact VWR within 24 hours to initiate the right to claim for "concealed damage". VWR reserves the right to repair a damaged product, where applicable, before replacement or credit is determined.

All quotes for installations assume that services related to the equipment are in place at the customer site (including, but not limited to, gas, plumbing, electrical, and ventilation) as per the equipment manufacturer's specifications prior to installation of the equipment. VWR's quote does not include the installation of the aforementioned services.

Items prefixed with "MISC-" are subject to regulatory approval once VWR International receives acceptance from the customer. They are special order, and as such may not be returnable. Please allow 6-8 weeks delivery from the time of your first order or acceptance of this quotation.

VWR's terms and conditions of sale apply. All orders are subject to shipping and handling charges and fuel surcharges. Freight terms may vary. Hazardous items are subject to additional transportation charges. Please visit our website at www.vwr.com for additional information regarding our return policy, product warranty information and other details of our terms and conditions.
