**RE: REQUEST FOR EMERGENCY DECLARATION
Eugenio Maria de Hostos Column Repair**

On June 8, 2108 at roughly 11:00 pm an errant vehicle struck one of the support columns in the front of the Eugenio Maria de Hostos School.

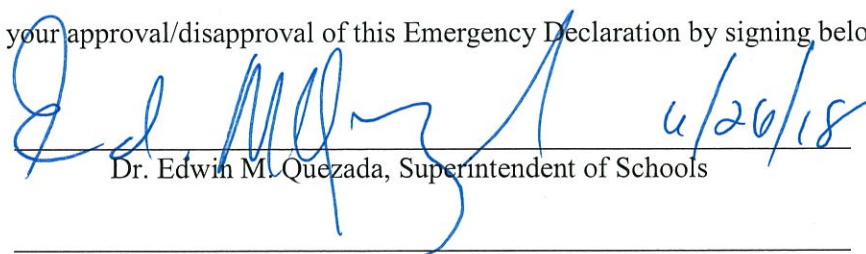

The damage was determined to be non-structural but created a hazardous situation. The 12 foot high architectural brick envelope built around the core steel support column was badly damaged, no longer supported and subject to collapse.

Milcon Construction responded to a District call to further evaluate and secure the site on June 9th. The repair of the column must be expedited due the precarious nature of the unsupported brick and its location adjacent to the sidewalk.

The level of difficulty with the specified repairs and the full schedule of work precludes this work being done with in-house forces. Milcon Construction Inc. has a history of performing acceptable masonry repairs at YPS. The total cost of this work is not expected to exceed \$35,000.00 and is anticipated to be completed this summer.

Please indicate your approval/disapproval of this Emergency Declaration by signing below:

APPROVED:

 6/26/18

Dr. Edwin M. Quezada, Superintendent of Schools

DENIED:

Dr. Edwin M. Quezada, Superintendent of Schools
