May 16, 2018

Mr. John Carr
Director of Operations
School Facilities Management
Yonkers Public Schools

Dear Mr. Carr:

Re: PO #2018-00001944. Contract #2017-00001944

Stanley Convergent Security Solutions, Inc. agrees to extend our monitoring and services for all school buildings and security systems currently active on our Protection Net Monitoring Center under the same terms and conditions as last year's contract. There will be no interruption of service. All current terms are to be considered still in effect. To include both monitoring and services.

SCSS and Y.P.S have been evaluating the monthly Service Contract pricing over the last few months and are in agreement per the attached spreadsheet:

As previously agreed to, the monthly cost for fiscal 2017-2018 is \$ 9,213.00 per month (\$110,556 annually) plus
~~\$20,000 for Time and Material Service for a total of \$130,556.00.~~

The new monthly cost for fiscal 2018-2019 is \$ 9,978.00 which reflects the additional fire monitoring cost of \$ 9,180 (annual) for the 17 new IPGSM communicators allowance. Total Annual cost to Y.P.S is \$ 130,556 + \$ 9,180 = \$ 139,736.00.

Regards,

Antonio Ambrosio
