Note:

Interpreters/translators previously assigned to a particular school will be given priority to the assignments. If previously assigned interpreter is not available, we will contact the school and discuss any rate changes involved.

Assignments are made by area whenever possible. If an interpreter/translator who accepts lower rates is available for an assignment, the adjusted rate will be charged.

Rates will also be taken into consideration for written translations when assigned to translator.

Most interpreters/translators require a 3 hour minimum per assignment. Some interpreters/translators charge per half day or full day. Travel time may be charged depending on the language – we will contact the school to discuss this issue
