Dear Dr. Edwin M Quezada

I would like to donate an additional \$1,000 (one thousand) toward a total of \$6,000 (six thousand) for the Hawthorne PEARLS' STEM Program. I donated \$2,000 previously. The purpose of this donation is to pay for a Science Technology Engineering and Mathematics (STEM) after school program for gifted sixth grade students at PEARLS. The program will expose the students to current and relevant uses of STEM. The money should be used for a teacher salary (prep time and time with students), supplies and snacks for the students. The students in this program will meet after school weekly in a designated space at PEARLS. It is my hope that the students' time in this after-school program will spark an interest and a future in the Engineering field.

Respectfully

Wayne Atwell
