Re: PS 25, Building Envelope, Interiors, Security & Site Work, YPS #10746
HVAC Contract 5 - Contractor Recommendation
SED Project # 66-23-00-01-0-025-008
GPI Jo. No. 2016722.00

Dear Mr. Pavone:

We have reviewed the Contract 5 bid for PS 25, YPS #10746. The low bidder for the General Construction, Contract 5 - HVAC Contractor is Lombardo Plumbing and Heating. We have reviewed the scope of work with the representative for Lombardo Plumbing and Heating, at a scope review meeting held on January 5th, 2018. The scope of Contract 5 work was reviewed, and Lombardo Plumbing and Heating stated that all items in their scope are covered in their bid.

Based upon our review of Lombardo Plumbing and Heating's bid, we would recommend that Yonkers Public Schools award the contract to Lombardo Plumbing and Heating to perform the Contract 5 work for \$38,529 (including \$10,000 misc. work). As we discussed, the district should carry incidentals, which include a contingency for this project.

We suggest that you consult with the district's legal counsel before awarding the contract. If we can be of any assistance, please contact the office.

Very truly yours,

Robert Sagala Jr.
GPI – Project Manager
