This contract is for the service and repair of electric pumps and motors of various sizes throughout the District. It is a new contract. This work was formerly procured through blanket PO's and the boiler service contract. This bid is anticipated to be the most cost effective means to procure this service. This is an "on call" type service contract wherein all work is District directed and paid for under contract bid prices for labor and materials.

Rationale: This is being awarded to the "second" low bidder. The apparent low bidder at the bid opening was Westchester Electric Motors and Pumps but they were determined to be "nonresponsive" in that they failed to submit a complete bid package.

TERM/DURATION: 365 Calendar Days through October 31, 2017.

FOCUS POPULATION: The stakeholders of the District

ASSESSMENT PROCESS: School Facilities Management Department will evaluate performance of contractor with on-site inspections and record keeping.

Funding: 450.5150.100000.1625.B2316 Local Building Repair

Sponsored By:

Ladies and Gentlemen:
