**CPET Project Coordinator:** Cristina Compton  
Email: cromeo152@gmail.com  
Phone: 212-678-3161

**Project Description:** CPET will partner with Yonkers public schools to develop half-day workshops aimed at advancing Pre-K teachers' pedagogy and practice. These workshops will provide space for teachers to reflect on their thoughts and experiences, engage with hands-on, inter-active strategies and activities, as well as consider applications/implications for their respective classrooms. Each workshop will run twice, once in the morning and once in the afternoon with one facilitator and **up to 25 teachers**.

**Goals:** The CPET Coach(es) will ...

1. Design and facilitate three, half-day workshops:
  - **Exploring Phonics Instruction and the importance of Balanced Literacy.**
    - This workshop will support teachers in reflecting on their approaches to phonics based instruction, including what's working and what might be in need of improvement. They will be introduced to literature/articles written by experts in the field, as well as consider how phonics instruction should/could be positioned within a balanced literacy approach.
  - **Math Matters: Deepening Teachers understanding and Implementation of math modules**
    - This workshop will support teachers in performing a deep dive of the math modules to familiarize themselves with the structures, features and resources. They will examine these structures and consider best practices, modifications and adaptations to the curriculum to ensure it meets the needs/interests of their students. Finally, they will engage in lesson planning informed by their learning.
  - **Strengthening Socio-emotional Learning**
    - This workshop will explore the importance of socio-emotional health and well-being of all students. By examining their own

practices, as well as analyzing literature written by experts, teachers will consider effective, systems, structures and practices that can be implemented school-wide as well as in the classroom.
