Michael E. Tobias, M.D.

Dear Ms. Malgieri:

Orthopedic Spinal Surgery

Seth L. Neubardt, M.D.

Scoliosis & Spine Surgery

Krishn Sharma, M.D.
Rudolph Taddonio, M.D.

My son, Travis Abrahams attends Public School 29 and we have been very happy with his education thus far as he is now entering the third grade. I would like to make a contribution to the school system and to my contact with Ms. Patricia Meyer, I am told that a donation of my part could be used to replace obsolete equipment. She suggested a new two-door freezer and a new two-door refrigerator at the Westchester Hill School, which will cost around \$5000. I would like the donation included with this letter to fund those two appliances through the Food Services Department. Again, thank you for providing such a wonderful education for my child and this is one way I can say thank you to the school system.

Sincerely yours,

John M. Abrahams, M.D.
