Type: Action

Subject: 17.11 Adoption of the 2017 Yonkers Educational Facilities Plan Update by the Board of Trustees.

District Goals:

Enclosure: Due to size of PDF file, Appendix A Educational Facilities Plan Update date July 22, 2015 will be distributed via hard copy bound books.

File Attachment:  YEFP 2017-4-19.pdf

This is for the Board of Trustees to adopt the Educational Facilities Plan Update (Plan) dated April 19, 2017 by Savin Engineers, P.C. This updated the original plan by KG&D dated November 12, 2013.

This update was commissioned to re-align the proposed phasing and to reflect price escalation over the past years and to reflect the new phasing.

It contains proposed alterations of each of 40 schools in the district designed to meet the new pre-k to 8 educational core model derived by the Administration and to eliminate existing infrastructure problems as determined by various building investigations.

The intent of the adoption is to permit the promulgation of the Plan to authoritative agencies in order to commence the active phase of rebuilding the District.

Rationale:

The Plan is to be considered a "living document" that will be amended as required to meet the needs of the District. It is considered a starting point from which final determinations will eventually be derived.

The creation of this plan was promoted by the New York State Education Department as the first step required in the process to create a modern system that provides a quality 21st Century education for the children on Yonkers.

Benefits of the Plan will include but are not necessarily limited to:

1. It will increase the efficacy of the allocation of capital funds.
2. Be a base for discussions with lawmakers regarding future funding.
3. Provide a road map for future improvements.
4. Consolidate the ideas and requirements of the various departments into one plan
