This is to extend the current contract with Stanley Convergent (Sonitrol) for another calendar year. Last year's contract was \$130,556.00. The increase of \$9,180 includes the added expense imposed by Stanley for the monitoring of the 17 new IPG8M-4G fire alarm communicators (radio and cell phone) which replaced the problematic copper wired communicators.

Rationale: This contract is spent out in full every year.

Scope of work also includes the troubleshooting and repair/replacement of system components. The Sonitrol System is unique and already installed throughout the District.

All repair work and or upgrades are done by Stanley Convergent at the direction of the District. They are now required to provide non-proprietary equipment on their system which is currently accessible solely by Stanley. Therefore, this is technically a sole source purchase.

Funding: \$ 119,736.00 - 450.5150.100000.1620.B2300 (Local Contractual)
 \$ 20,000.00 - 450.5150.100000.1625.B2316 (Local Building Repair)
