Subject: Bid#6254 Propane machine

Allison,

In reference Bid#6254 Propane Machines. The low bid All Star Cleaning Supplies bid a machine Kawasaki ProGlazer which does not have an electric dust control mechanism which is needed. This machine is not acceptable. The next bidder is EA Morse has Betco machine which is comparable to Onyx machines specified. The only down fall to this machine is that we inventory of parts for the Onyx machine.

If you have any questions please call.

Thank you,

Al DiLello
