## CITY OF YONKERS

### *Purchasing*

*Mike Spano, Mayor*

*Thomas E. Collich, Director*

October 22, 2018

Pragmatech Sound Corp  
4516 Byron Avenue  
Bronx, NY 10466

Attention: James Salta, President

Re: RFB-6313 Repair Clocks, Intercoms, and PA systems in the Yonkers Public School District

Dear Mr. Salta:

Your firm was the apparent low bidder on the bid to Repair Clocks, Intercoms, and PA systems in the Yonkers Public School District however, upon review of the qualifications and experience provided by Pragmatech Sound Corp, it is decided to reject the contractor based on the facts below:

- Failed to produce 5 recent references from different school districts.
- Failed to substantiate that the company has full time, factory trained technicians from reputable school intercommunication equipment and from reputable manufacturer of clock equipment.
- Failed to demonstrate knowledge on the repair of school intercommunication equipment and clock equipment.

Accordingly, we will be recommending to the City's Board of Contract and Supply that your bid be rejected.

It is unfortunate that your attempt to do business with the City was unsuccessful however, in fairness to the other bidders, we have no choice but to deem your bid non responsive.

Thank you for participating in this solicitation and should you have any question, please do not hesitate to call.

Sincerely,

*Francis Brown*
