This is a request for proposals (RFP) to perform Environmental Project Monitoring Services for the School Facilities Management Dept. Capital Improvement Project (SFMD) of the Yonkers Public Schools (YPS). This RFP will be the basis, in part or in whole, of an Agreement between the successful proposer and the YPS for the work described at the rates and schedule proposed herein and/or as amended by negotiation.

Submit proposals electronically via email to:

Mr. John P. Carr, Executive Director, School Facilities Management
jcarr@yonkerspublicschools.org

PLEASE NOTE: This is a request for prices and schedules only. We know your qualifications. Please do not spend any time to send any extraneous stuff.

PART 1 - THE CONSULTANT'S RESPONSIBILITIES

The selected Environmental Consulting Firm hereinafter referred to as the "Consultant", shall perform the scope of services as outlined in RFQ-317, Articles 4.2 & 4.5.

The successful candidate will be required to provide Environmental Project Monitoring Services for the capital project(s) listed below. The Consultant will provide necessary staff required to successfully manage the Project in accordance Environmental Protection Agency AHERA, New York State Code Rule 56, and NY State Education Department Regulations and with contract documents and Project Schedule.

PATRICIA DICHIARO SCHOOL 8:

- Window Replacement & Security Upgrades Project, YPS #10814
- Boiler and Heating Upgrades Project; YPS #10815

The overall project scope of work involves replacement of the windows, boilers, HVAC equipment, VAT and subflooring, gas utility upgrades, Hi-Tech security upgrades, underground fuel oil storage tank removal and requisite asbestos.

The environmental abatement work for the project to be performed at School 8 located at 373 Bronxville Road, Yonkers, NY 10708 has been determined to include to:

- a. Abatement of asbestos containing boilers.
- b. Abatement of Vinyl Asbestos Floor Tile, related asbestos containing mastic and subflooring called to be removed.
- c. Creating pipe & conduit penetrations through floors and exterior walls know or assumed to contain asbestos.
- d. Abatement of windows know to contain asbestos and PCBs.
- e. Potential for underground oil leaks from underground fuel oil tank removal.

The Project has been let for bid and is a Wicks Law Project having a total of five (5) Contracts; General Construction Site & Interior, General Construction Windows, HVAC, Plumbing and Electrical. It is anticipated these five contracts will be awarded at the May 2019 BOE Stated Meeting.

The Consultant is to review the Contract Bid documents for each project for scope of work and schedule including all addendums before submitting a proposal and said documents can be found on <https://www.empirestatebidsystem.com>, Bid Schedule IFB-6369.

On a daily basis the Consultant shall coordinate with the District's Construction Manager (CM) and update the CM as to the abatement contractor's progress in meeting the approved abatement schedule.

The Consultant maybe asked to review, recommend for approval to the owner and CM all change orders which may be encountered during the project and answer asbestos abatement project RFI's.

PART 2 – GENERAL SUBMISSION REQUIREMENTS AND FORMAT
