**Re: Environmental Consulting Services for the School Facilities Management Department  
Request for Qualifications No. 390**

Dear Mr. Schenck,

Pursuant to our discussions with representatives from Yonkers Public Schools (YPS) regarding the above referenced Request for Qualifications, we have attached the revised bid sheet adjusting our proposed fee for the line item "CREATE A DOCUMENT". Our initial lump sum quote of \$995.00 was based upon our understanding of the deliverable requirements for this item as presented in the Pre-Bid meeting. However, YPS has since advised us that the "biddable format" that they are expecting for these documents includes specifications and site specific removal plans prepared by a New York State Department of Labor certified Asbestos Project Designer. As such, we have revised our lump sum Unit Cost for this item to \$26,000.00, resulting in a total proposal sum of \$152,270.00.

LiRo is committed to dedicating all of the required resources to ensure the successful completion of all work under this contract. Should you require any additional information, please contact me at 516-206-3214.

Sincerely,  
**LiRo Engineers, Inc.**
