

District Comprehensive Improvement Plan (DCIP)

District	Superintendent
City of Yonkers	Mr. Aníbal Soler, Jr.

2024-25 Summary of Priorities

In the space below, input the three to five District priorities for 2024-25 identified in this plan.

1	Reduction of Chronic Absenteeism: Continue to identify and address barriers (medical, behavioral, emotional/family financial) for staff and student attendance.
2	Teaching and Learning: Review data to evaluate and inform instructional practices that align with the district vision of creating a foundation of success for all.
3	Student Achievement: Strengthen progress monitoring by analyzing various data and increasing the use of communication tools.
4	Inclusive and Supportive Environment: Recognize and value diversity, equity, inclusion and belonging through active engagement and the integration of feedback for continuous improvement.

PRIORITY I

Our Priority

<p>What will we prioritize to extend success in 2024-25?</p>	<p>Reduction of Chronic Absenteeism: Continue to identify and address barriers to attendance for staff and students.</p>
<p>Why is this a Priority?</p> <p><i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none">• <i>How does this Priority fit into the District's vision, values and aspirations?</i>• <i>Why did this emerge as something to prioritize?</i>• <i>What makes this the right Priority to pursue?</i>• <i>How does this fit into other Priorities and the District's long-term plans?</i> <p><i>Districts with schools identified for TSI, ATSI, or CSI should also consider:</i></p> <ul style="list-style-type: none">• <i>In what ways is this influenced by what was learned through the Envision-Analyze-Listen activities in your school(s) identified for TSI/ATSI/CSI supports?</i>• <i>In what ways does this support the SCEP Commitments of your school(s) identified for TSI/ATSI/CSI supports?</i>	<p>For any of the district priorities to become realities, we will need consistent and regular attendance of both our students and employees. Yonkers Public Schools is a model community for My Brother's Keeper in which we have committees that address all 6 milestones. Reducing chronic absenteeism is crucial to educational readiness, literacy graduation and post-secondary success.</p> <p>In 2023 –2024 academic year, 39.5% of elementary & middle school students were chronically absent and 55.1% of high school students were chronically absent.</p> <p>Consistent attendance is directly linked to better academic performance. Regular school attendance helps to enhance the effectiveness of teaching, supports continuous and engaging learning and ultimately leads to improved student achievement.</p> <p>Continued implementation of a comprehensive approach that includes early identification of at-risk students, targeted interventions, and engaging strategies to address barriers to attendance, while fostering strong partnerships with families and community resources.</p> <p>A low percentage of our students feel connected to the adults at school, and we want to increase our family's perception that their children enjoy going to school. It was also analyzed in our districtwide survey:</p> <p>64% of students in Grades 3-5 had a favorable perception of the overall social and learning climate of their school</p>

Priority 1

	<p>42% of students in Grades 6 -12 had a favorable perception of the overall social and learning climate of their school.</p> <p>We will continue to uncover root causes for this discrepancy and implement strategies to address these concerns.</p> <p>When we address absenteeism, we will collaborate with students and families to strengthen the relationship between the school and families, creating supportive networks that benefit students.</p>

Key Strategies and Resources

STRATEGY	METHODS	RESOURCES
What strategies will we pursue as part of this Priority?	What does this strategy entail? What will implementation look like in our district?	What resources (Schedule, Space, Money, Processes, Individuals) are necessary to support these strategies?
Review, monitor and support each school’s comprehensive education plan (SCEP) focusing on Commitment 1: Chronic Absenteeism	The district offices will receive copies of each school’s SCEP to review the strategies identified and support the school in their success in their initiative. Shared best practices and areas in need of support will be discussed at regular Principal meetings.	<p>The Office of Inter-Governmental Relations, Professional Learning and Accountability will provide documents in a shared one drive. The Offices of:</p> <ul style="list-style-type: none"> Student Support Services School Leadership and Engagement School Leadership and Equity School Administrators <p>Creation of SCEP at-a-glance for each school.</p> <p>Community Resources</p>
Review Code of Conduct training and alignment	Engage stakeholders in a review of the Code of Conduct	
Weekly emails attendance data, YTD percentage, and chronic absenteeism data for students and staff.	<p>Emailing weekly attendance by school and the district to all building and district level administrators.</p> <p>Regular discussion to review school and district progress by comparing numbers week to week.</p>	<p>The Office of Inter-Governmental Relations, Professional Learning and Accountability</p> <ul style="list-style-type: none"> Human Relations School Principals Attendance Clerks

Priority 1

		Level 2 Reports and Enterprise Reports
Professional development for staff using district level reports.	Provide awareness and training to enterprise reports available in PowerSchool to all administrators in August; clerks on how and when to take attendance; support staff in absentee outreach protocol. Establish early warning protocols for students who are chronically absent.	Office of Inter-Governmental Relations, Professional Learning and Accountability Office of Management, Administration, Planning and Operations Members of Student Information System will lead trainings and we will record to be placed in Schoology for refresher courses. Review of Code of Conduct protocol for effectiveness.
Utilization of a Multi-Tiered System of Support (MTSS) to identify students support based on level of need.	Schools will share their MTSS structure and document feedback regarding academic and behavioral support. Clear MTSS, Pupil Support and Log Entries or other method of documentation.	The Office of Student Support Services School Administrators School-based MTSS teams
Continued Family and Staff Engagement	Increase school presence on social media and encourage increased school and district wide events. Increase awareness and use of parent portal.	The Offices of: Student Support Services School Leadership and Engagement School Leadership and Equity Communications Office District wide events calendar, implementation of new school website platform. School administration PTSA collaboration
My Brother's Keeper and My Sister's Keeper (MBK and MSK) will initiate four different focus groups throughout the 2024-2025 school year with YMOC to discover what is causing students to be absent from school and how to increase their attendance (Milestone 3 alignment).	The district team conducts four focus groups at four high schools during each marking period. After reviewing school attendance data and noticing trends and patterns, questions will be asked during the focus group to discover why students are chronically absent from school. The qualitative data captured would lead to a plan of action to best support our YBOC academically, socially, and emotionally.	Office of School Leadership, Engagement and Equity. MBK Executive Director High School Principals Multiple stakeholders' input will create the questionnaire used for the focus study. A quiet and safe space in four different high schools where a district representative can pose questions to students to gather rich qualitative data.

Priority 1

<p>Create parent focus groups specifically to develop strategies the needs of Young Men of Color (YMOC) in Pre-K and Kindergarten.</p>	<p>In collaboration with PreK-5/6/8 schools, parents will be surveyed and asked to participate in a focus group to discuss barrier to attendance.</p>	<p>The Offices of: Student Support Services School Leadership and Engagement School Leadership and Equity MBK Executive Director</p>
<p>Identify and monitor attendance for McKinney-Vento students</p>	<p>Regularly review the needs of our McKinney-Vento Students</p>	<p>The Office of Student Support Services</p>
<p>Conduct one-on-one meetings with chronically absent students in school or at their homes (Milestone 3 alignment).</p>	<p>Our district representative will play a pivotal role in conducting one-on-one meetings with students who are chronically absent. These meetings, whether held at the students’ school during their lunch period or at their home for those with severe absenteeism, will provide a supportive environment for the students to share their experiences. The qualitative data we gather from these meetings will guide us in developing a plan to best support our YMOC attendance.</p>	<p>Office of School Leadership, Engagement and Equity MBK Executive Director A location at the school to have a confidential and safe conversation with the student</p>
<p>Identify community-based organizations to provide specific supports to address barriers that deter students to attend school</p>	<p>Create a community asset map of community-based organizations and how they can support students and families.</p>	<p>The Offices of: Student Support Services School Leadership and Engagement School Leadership and Equity Inter-Governmental, Professional Learning and Accountability</p>
<p>Support schools in creating a more welcoming environment and creating a culture of trust.</p>	<p>Individual conversations with building principals and collection of evidence in the following domains in MPPR:</p> <ul style="list-style-type: none"> • 2 – School Culture and Instructional Program: Culture • 3 – Safe, Efficient, Effective Learning Environment: Culture 	<p>The Offices of: School Leadership and Engagement School Leadership, Engagement and Equity Inter-Governmental, Professional Learning and Accountability</p>

Measuring Success

END OF THE YEAR

What will success look like for this Priority at the end of the year?

Provide quantitative data and/or qualitative descriptions of where the district strives to be at the end of the 2024-25 school year.

By June 2025, we will reduce chronic absenteeism by 3%. Elementary/Middle from 39% to 36% and High School from 55% to 52%.

Progress on MBK milestones.

Utilization of MTSS framework at 100% of schools with effective progress monitoring procedures.

Progress on all school SCEPs for Commitment 1: Chronic Absenteeism.

In the 2023-2024 School Year, 15% of the teaching staff had been absent 9 or more times (8% between 9-11 absences – Developing and 7% with 12 or more absences-Ineffective) as evidenced by our APPR indicator 6.4 B – Manages Time and Attendance. In June 2025, we will have 10% of the teaching staff with 9 or more absences; a decrease of 5%.

PRIORITY 2

Our Priority

<p>What will we prioritize to extend success in 2024-25?</p>	<p>Teaching and Learning: Review data to evaluate and inform instructional practices that align with the district vision of creating a foundation of success for all.</p>
<p>Why is this a priority?</p> <p><i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> • <i>How does this Priority fit into the District's vision, values and aspirations?</i> • <i>Why did this emerge as something to prioritize?</i> • <i>What makes this the right Priority to pursue?</i> • <i>How does this fit into other Priorities and the District's long-term plans?</i> <p><i>Districts with schools identified for TSI, ATSI, or CSI should also consider:</i></p> <ul style="list-style-type: none"> • <i>In what ways is this influenced by what was learned through the Envision-Analyze-Listen activities in your school(s) identified for TSI/ATSI/CSI supports?</i> • <i>In what ways does this support the SCEP Commitments of your school(s) identified for TSI/ATSI/CSI supports?</i> 	<p>The district's core values include anchoring every decision to student achievement, developing the whole child, understanding and affirming the cultural assets that students bring, and support every educator in the pursuit of on-going professional growth. All students, including students with disabilities and multilingual learners, are entitled to receive academic and social emotional support, based on how ready they are for such support. By integrating MBK milestones we can create a more equitable environment that promotes success for all students.</p> <p>Some students' academic and/or behavioral needs will not be completely addressed through universal interventions. These children will require more intensive support, at a Tier II or Tier III level to meet their goals.</p> <p>Offering, improving and monitoring meaningful professional learning will contribute to successful outcomes for all students. These efforts contribute to a more effective and responsive educational environment, ultimately enhancing student success and preparing them for the future.</p> <p>A closer look at the teacher and principal observations showed a lack of focus in our expectations.</p> <p>Fostering transparency and meaningful professional development for instructional leaders and teachers in analyzing data can help support student needs, improve learning outcomes and decrease chronic absenteeism.</p>

Measuring Success

END OF THE YEAR

What will success look like for this Priority at the end of the year?

All schools will meet their success criteria for their SCEP commitment 2: Teaching and Learning. The district will have established clear expectations for teacher APPR and principal MPPR for the upcoming school year and a Strategic Plan for Yonkers 2030 will be developed.

Increased use of parent portal analytics for high school families to 75% to ensure progress monitoring on the electronic gradebook

Progress as evidenced by reaching goals of MBK Milestones

Increased percentage of teachers receiving “Effective” on KPI’s with actionable feedback from evaluators.

Creation of a District-Wide Transportation Protocol Handbook

THROUGHOUT THE YEAR

PRIORITY 3

Our Priority

<p>What will we prioritize to extend success in 2024-25?</p>	<p>Student Achievement: Strengthen progress monitoring by analyzing various data and increasing the use of communication tools.</p>
<p>Why is this a priority?</p> <p><i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> • How does this Priority fit into the District’s vision, values and aspirations? • Why did this emerge as something to prioritize? • What makes this the right Priority to pursue? • How does this fit into other Priorities and the District’s long-term plans? <p><i>Districts with schools identified for TSI, ATSI, or CSI should also consider:</i></p> <ul style="list-style-type: none"> • In what ways is this influenced by what was learned through the Envision-Analyze-Listen activities in your school(s) identified for TSI/ATSI/CSI supports? • In what ways does this support the SCEP Commitments of your school(s) identified for TSI/ATSI/CSI supports? 	<p>One of our five goals in our Strategic Plan is: Data-Driven culture in which we create a school-wide culture based on high expectations and accountability using qualitative and quantitative data to support decision-making and address inequities for each student. Aligning efforts with MBK milestones, we can create a more inclusive and effective learning environment.</p> <p>The objective is that administrators and teachers in all Yonkers Public Schools will use data to inform instruction and guide practice with input from school-based Data Liaisons.</p> <p>PDSA cycles were identified as our data analysis protocol and used over the last 3 years, however, as we plan for the next district strategic plan, we will review our successes and identify our opportunities for improvement. In addition, we are revising the role and responsibility of the data liaison by supporting schools and providing professional development regularly and as needed.</p> <p>Data-informed instruction district-wide is anchored in assessments such as Measure of Academic Performance (MAP), Benchmark, Data Mate, iReady, and practice Regents tests. However, assessments alone do not tell the full story. As part of the ongoing improvement planning process, the district will continue to gather qualitative measurements related to accountability by administering the Panorama Climate survey and connecting regularly with other stakeholders such as the Parent Teacher Association (PTA) and community partners and vendors.</p>

Priority 3

Moreover, school communities will continue to provide students and parents equitable access and time to grading practices and achievement data to engage students with their own learning progress.

Measuring Success

END OF THE YEAR

What will success look like for this Priority at the end of the year?

Provide quantitative data and/or qualitative descriptions of where the district strives to be at the end of the 2024-25 school year.

- The percentage of 3-8 students who are proficient in NYSED assessments for ELA and Math will meet or exceed 42% for ELA and 45% in Mathematics.
- Multilingual learners:
 - Grades 3-8: will demonstrate growth on the NYSED assessments for English Language Arts (ELA) and math, so that the proportion of students who score at Levels 3 and 4 will meet or exceed 17% in ELA and mathematics.
 - Grades 9-12: will demonstrate growth on the NYSED Regents assessments for ELA and Math, so that the proportion of students who score at Levels 4 and 5 will meet or exceed 10% in 9th grade algebra, and 15% in 11th grade ELA.
 - Graduating cohort: Additional distinctions will meet or exceed 53%
- Students with disabilities:
 - Grades 3-8: will demonstrate growth on the NYSED assessments for English Language Arts (ELA) and math, so that the proportion of students who score at Levels 3 and 4 will meet or exceed 20% in ELA and mathematics.
 - Grades 9-12: will demonstrate growth on the NYSED Regents assessments for ELA and Math, so that the proportion of students who score at Levels 4 and 5 will meet or exceed 10% in 9th grade Algebra, and 30% in 11th grade ELA.
 - Graduating Cohort: Additional distinctions will meet or exceed 33%
- The percentage of all students passing the ELA Regents exam will meet or exceed 75% and 45% for the Algebra I Regents.
- Our graduation rate will meet or exceed 93% or 71% of the 2021 cohort will graduate with distinctions of College, Career & Civic Readiness.
- 98% of our students with an associated Parent Portal account and 60% of parents respond to our Panorama Climate Survey.
- Active Student Governments at 90% of schools
- Progress on all MBK Milestones
- Progress on SCEPs for Commitment 3: Student Achievement

THROUGHOUT THE YEAR

In order for the District to reach the end-of-the-year success criteria above, there will need to be progress throughout the year. What are the benchmarks and milestones the district will look for during the year to

PRIORITY 4

This section can be deleted if the District does not have a fourth priority.

Our Priority

<p>What will we prioritize to extend success in 2024-25?</p>	<p>Inclusive and Supportive Learning Environment: Recognize and value diversity, equity, inclusion, and belonging through active engagement and integration of feedback for continuous improvement.</p>
<p>Why is this a priority?</p> <p><i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none">• <i>How does this Priority fit into the District's vision, values and aspirations?</i>• <i>Why did this emerge as something to prioritize?</i>• <i>What makes this the right Priority to pursue?</i>• <i>How does this fit into other Priorities and the District's long-term plans?</i> <p><i>Districts with schools identified for TSI, ATSI, or CSI should also consider:</i></p> <ul style="list-style-type: none">• <i>In what ways is this influenced by what was learned through the Envision-Analyze-Listen activities in your school(s) identified for TSI/ATSI/CSI supports?</i>• <i>In what ways does this support the SCEP Commitments of your school(s) identified for TSI/ATSI/CSI supports?</i>	<p>Yonkers Public Schools is committed to creating a culturally responsive and sustaining environment that ensures all learners in our school community are equitably prepared with critical thinking skills, able to lead, inspire, and succeed in the world of today and tomorrow. Our core values include, practicing mutual respect for all including those with experiences that are different from one's own, commit to understanding and affirming cultural assets that children bring, connect the school, home, and community in all activities and engage community members in student success.</p> <p>We continue to reaffirm our commitment to create an inclusive climate that embraces diversity. However, despite the progress that has been made district-wide, we still face barriers in advancing student achievement and test scores, especially among students with disabilities and multilingual learners, two large groups of students, considering over 46% of our students speak a second language in their homes.</p> <p>Integrating MBK milestones into these efforts not only addresses specific needs but also promotes continuous improvement and a culture of respect and equity.</p>

Submission Assurances

Directions

Place an "X" in the box next to each item prior to submission.

1. The District Comprehensive Improvement Plan (DCIP) has been developed in consultation with parents, school staff, and others in accordance with the requirements of Shared-Decision Making (CR 100.11) to provide a meaningful opportunity for stakeholders to participate in the development of the plan and comment on the plan before it is approved.
2. The DCIP will be implemented no later than the beginning of the first day of regular student attendance.
3. Professional development will be provided to teachers and school leaders that will fully support the strategic efforts described within this plan.
4. The DCIP will be made widely available through public means, such as posting on the Internet, distribution through the media, and distribution through public agencies.
5. A comprehensive systems approach will be established to recruit, develop, retain, and equitably distribute effective teachers and school leaders as part of the implementation of the Annual Professional Performance Review (APPR) system required by Education Law §3012(c) and §3012(d).
6. Meaningful time for collaboration will be used to review and analyze data in order to inform and improve district policies, procedures, and instructional practices.

Submission Instructions

All Districts: Submit to DCIP@nysed.gov by July 31, 2024, the following documents:

1. DCIP Planning Document
2. DCIP

The final plan must be approved by the Superintendent and the Board of Education (in New York City, the Chancellor or the Chancellor's designee).
